

# INTERNATIONAL ENDORESEMENTS

## OUR LEADERSHIP IN DESIGN INNOVATION IN CONCERT WITH ENVIRONMENTAL LUXURY

EARNES INTERNATIONAL RECOGNITION AND ENDORSEMENTS  
BY WORLD CLASS COMPANIES THAT ARE " BEST IN THEIR CLASS"

Our philosophy at the Pelagio Signature Residences was driven by an unwavering desire to produce the absolute best, with the satisfaction that were developed in harmony with their awe-inspiring natural setting that created a testament to contemporary lifestyles and refined responsibility.

To set this new standard of excellence:

The company and its products must demonstrate and meet our definition of Environmental luxury.

- The manufacturing process, the product, must meet the highest standards of environmental stewardship
- The final product must be high end in terms of design, technology, finish, function and energy efficiency
- Provide world class product support for our clients

Our global efforts found world class companies that met our definition were ones that were "Best in their Class"

The following companies have never been in the company of each other, all of them under one roof...The Pelagio Signature Residences

We were invited to the world's biggest exhibition " Eurococina" in Italy by these prestigious companies, where all their products were on exhibition.

Shortly thereafter were flown to their factories for a full on demonstration of their manufacturing process, their products, and there world class philosophies in pursuit of excellence.

I had the pleasure to meet the Presidents of some of these companies to share my passion about the Pelagio project. The result...

We asked for their endorsement and they did, they put it in writing.

They had recognized our vision and we returned to Puerto Vallarta knowing we had something special.

We like to thank Miele , hansgrohe, Scavolini, FSB, Duravit for their support.

Robert Bartram
