

Marea

Miami Beach, Florida, United States

MAREA

The elegant South of Fifth neighborhood in Miami Beach offers one final, spectacular property. Surrounded by the sparkling panorama of Biscayne Bay and the Atlantic Ocean, and overlooking the Marina, Marea brings the twin luxuries of art and design together within an atmosphere of exquisite tranquility. Orchestrated by The Related Group's visionary founder, Jorge Pérez, this boutique residence has been designed by the exceptional team of Sieger-Suarez Architects, Yabu Pushelberg, and Enzo Enea. Commissioned art installations by Riccardo De Marchi and Markus Linnenbrink transform its private lobby into an exclusive gallery. Marea brings the Latin meaning of its name to life with luxurious contemporary design and art in Miami Beach's elegant South of Fifth neighborhood.
